

Ibrahim Hussein

Computer Engineering Student & Software Developer

SUMMARY

I'm 19 years old.

I am a second-year Computer Engineering student at the Lebanese French University (LFU).

I have a wide range of experiences in various work environments.

I have diverse experience in software development, sound engineering, and machine learning. I am also a boxing champion at the Iraqi national level.

I possess leadership skills and the ability to manage different projects.

I have participated in various competitions and tests.

My passion is technology and innovation.

I have a record of success.
